

Luter Enterprise Co., Ltd.

Fire and Panic Exit Device , ANSI Mortise Lock,. Cylinder, Stainless Steel Lever Handle, Forged Brass Lever Handle

Luter Enterprise Co., Ltd., founded in 1975, has been devoted to making and marketing locksets, door accessories and related building hardware for over three decades.

Drawing on its seasoned know-how and manufacturing capabilities, the company claims that it has kept launching

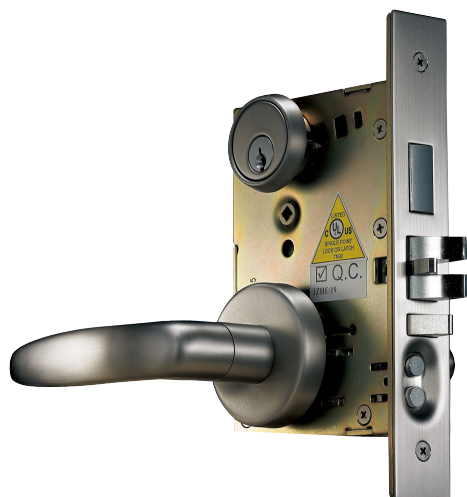

new products every quarter to expand its product portfolio.

Among the company's newest product releases is Luter Panic Hardware 5500, an exit device

finished with stainless steel, which meets ANSI A156.13 standard and is certificated by UL for its 3-hour fire resistant rating, ideal for use in high-traffic areas.

The company, running modern production plants across Taiwan and China now, also supplies a variety of ANSI and UL-marked mortise locks, mortise cylinder and master key systems.
