

Lun-Yuan Enterprise Co., Ltd.

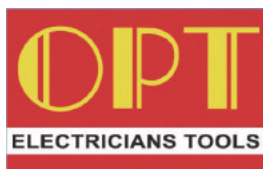

Crimpers, wire/cable cutters, strippers, punches, engine pumps, and fish tapes

Lun-Yun Enterprise Co., set up in 1979 in central Taiwan, sells electrician's tools worldwide under its own "OPT" brand, which it claims has become the first choice of buyers everywhere.

The company produces a wide variety of hand tools including manual, hydraulic, and battery-powered crimpers, wire/cable cutters, strippers, electric hydraulic punches, hydraulic knockout punches, hydraulic engine pumps, and fish tapes, 80% of which are exported to the US, Europe, the Middle East, Latin America, and China.

Lun-Yuan has a large R&D team and boasts reliable production, stringent quality control, and strong marketing capabilities that enable it to supply CE-approved electric and hydraulic tools, some of which are patented. The company is committed to providing on-time delivery, specialized technical support, and outstanding after-sales service. It helps maintain its position of leadership in the market by developing new products every year.

In addition to supplying products under its own brand, Lun-Yuan also accepts OEM and ODM orders. To ensure quality, it produces all of its products completely in Taiwan. It is proud of its OPT brand, confident that it serves as a guarantee of quality.
